

YOU NEED A HAR-VEST™!

Har-Vest is the only working & companion dog vest that combines compassion with control. While it looks like nothing more than a versatile backpack, Har-Vest gives you the control of a head halter with its featured no-pull harness strap sets. No one will mistake it for a muzzle. It looks great. It's made in the USA. It's easy to fit and adjust to any dog, for any owner. Most importantly, Har-Vest gently & reliably helps your dog live up to your needs and expectations!

What They're Saying...

"I'm more than sold on this product - I'm ready to break into song & sing its praises to the highest power! I'm knocked out by the design & function. I'm ready to nominate it for product of the year!"

Debi Davis
Service Dog User/Trainer
Las Vegas, NV

"I am pleased as punch with the Har-vest. Those that see my dog when we are out know without a shadow of a doubt that she is a working dog. I have more control of her with the vest than anything I have tried."

Jennifer T.
Kenai, Alaska

"The construction & design is excellent. We would like to thank you for the opportunity of using the vest. To put it simply, 'We don't leave home without it'"

Al M.
Rancho Santa Fe, CA

"The Har-Vest is both a training aid and a convenient and comfortable vest for displaying his identification patches and carrying a light load of essentials. It is quite handsome to boot."

Barbara Handelman, M.Ed, CDBC/SAC
DVD Creator: "Clicker Train Your Own Assistance Dog" • DogTrainingAtHome.com

"I had tried several different types of harnesses on Forrest. He's a large dog and I use a power wheelchair. The Har-vest is perfect! He doesn't pull and stays with the chair. It also gives me some room for a leash and a couple of other items without large packs interfering with his path. Great product!"

Jacki (Jack) P.
Tacoma, WA

"Your vest is so sturdy and well constructed... I can fit so many things in the pockets and I put my disabled person license in the casing. It is far superior to any other I've seen and used... (where were you when I bought my first harness?). Not only that, but Shadow does not pull me at all when he is wearing it. Thank you for a wonderful job well done."
